

AirMax X Series

Turbo Dryer

X3600 X2700

- **High Performance**
- **Superb Maneuverability**
- **User Friendly**
- **Robust Construction**
- **Low Maintenance**

Suntec Turbo Dryer for professional use

Suntec Turbo Dryers are used for fast and professional drying of carpets, floors, walls, ceiling and furnishings after cleaning or flood restoration. The high air flow helps water evaporation, drying wet surfaces within a much faster time.

Suntec Turbo Dryers are aerodynamic designed to minimize air friction and noise. Equipped with two venturi air inlets and snout outlet, it creates extraordinary high air flow.

The housing is made by rotor mold creating durable, robust casting that is UV protected, fire retardant and free of internal stress.

Features

- Ultra-High powered motor and low frictionless bearings offering unequalled performance and efficiency, with built-in thermal overload protection.
- Low operational noise.
- Extremely High air flow with high air volume and high velocity output.
- Aerodynamically designed air intakes which minimize air intake friction and increase performance.
- 3-speed selections to suit various drying requirements.
- 4 drying positions to suit ALL drying requirements.
- Stackable, for storage or increased drying requirements
- Ergonomically designed carrying handle, and for mains cable wrap, keeping it neat and tidy during storage.
- Retractable Front Stand raises front for faster drying of furniture and walls.
- Multi-Grip Carpet Clamp allows drying of the underside of carpets and rugs etc (optional).
- Robust durable roto molded LLDPE housing for long lasting low maintenance.

Technical Specification

Model	X3600	X2700
Rated Air Flow (CFM)	3600	2700
RPM	950/1250/1350	850/950/1050
Switch Control	3 speed rotary	3 speed rotary
Voltage	230V 50Hz / 115V 60Hz	230V 50Hz / 115V 60Hz
Ampere	4.3A / 8.6A	2.2A / 4.4A
Front Stands	Provided	Provided
Stackable	Provided	Provided
Electric Cable (m)	8m	8m
Standing Positions	4	4
L x W x H (mm)	530 x 430 x 500 mm	530 x 430 x 500 mm
Net Weight (Kg)	16.8Kg	12.8Kg
Safety Approval	CE	CE
